Dear Kunalan et al.,

Congratulations! On behalf of the Spring 2022 Grant-in-Aid Selection Committee members and The Society for the Psychological Study of Social Issues (SPSSI), we are delighted to inform you that your proposal, *“Restorative function for liberals, reactionary response amongst conservatives: Power distance amplifies political orientation divides in anti-migrant sentiment,”* has been selected to receive a grant in the amount of **\$980**. An announcement of this award will be made via SPSSI’s website and other outlets.

We require that as a condition of accepting this award, you agree to submit a narrative report in article form and a one-year report form upon completion of the project or by **August 31st, 2023** at the latest, indicating the results, outcomes, or current status of your funded project. The narrative report will be used for our records and for possible publication in the SPSSI newsletter, informing SPSSI members about the work that you have done. **We will need to receive a copy of the IRB certification for your project. Please also complete pages 2-3 of this letter which is your consent form for follow-up procedures and check form for mailing your hard copy check. If you have the check made to yourself, a tax form will need to be completed. All documents (IRB, consent, check form and tax form if needed) may be emailed to awards@spssi.org.**

Please confirm receipt of this letter with an email reply. **You will have six months from today’s date to claim these funds, after which they will no longer be available to you.**

Again, congratulations on your outstanding proposal. It is a fine example of SPSSI's interest in applying research to significant social issues.

Sincerely,

Justin Belsley, SPSSI Administrative Manager
